

SS Vacuum Chamber

•With a cost about 50% less than a cubic chamber of the same size, our Vertical Cylindrical Top-Loading Vacuum Chambers are the best solution when you need a high volume at a lower cost. Choose from industrial vacuum (VI), high vacuum (VH), or our large chamber series (VL).

•KEY FEATURES

- Helium leak testing of every chamber with leak rates guaranteed to less than 10⁻⁸ atm-cc/sec.
- Designs that include ports that will not crack or leak over time
- FEA analysis on every chamber to guarantee chamber is structurally sound for full vacuum
